Food Glorious Food...

This is a guessing game...you must describe your three foods, using only four clues per each food, so Mrs. Long can guess exactly what you ate.

So here are the directions:

1) Get a piece of paper

2) Choose three foods to eat

3) For each food, write four clues. Use the most descriptive, colorful words possible - utilize all your senses.

4) DO NOT name the food. Automatic fail.

5) If you use a simple clue, you must include a simile or metaphor as well: 'It is round like a wheel.'

6) So - your piece of paper should have four clues for each food. For example, if my first food was a strawberry...my paper would look like this:

Item 1:
1) Red like a cardinal
2) soft when I bite into its meaty flesh
3) sweet and tastes like summer
4) Has a green top like a jester's hat

Good luck - and be VERY descriptive for maximum points. Total - 24 points
