Color Fill Process

Please download the Balloon Fill file.

First, you will use one of the selection tools. There are three basic tools that we will be using – you can take your pick!

1) Magic Wand (looks like a wand)
2) Quick Selection Tool (in same box as magic wand)
3) Lasso Tool (looks like a lasso)

See demonstration in class.

Now – to work on filling with color, here's what you do:

1) Select item
2) Go to Edit > Fill
3) In the dialog box, choose "color" under contents
4) A dialog box should appear for you to choose the color.
   Choose & Click OK
5) Choose "color" under blending (you can also choose other
   modes – see class demonstration)
6) Click OK
7) Your color should have changed – congratulations!

Save and title balloon fill/student name.

Next – choose three pictures that you want to change or fill with a color. Eyes always look extraordinary! Save them under Color Fill/Student Name
