

# FILTERS

- 1) First download the Great Wall picture on my website.
- 2) Using this picture, change it **FIVE** times, using **FIVE** different filters. You may use the filters from the drop down menu, or from the adjustment panel menu.
- 3) Put all five photos in one folder titled: filters\_student

## MORE FILTERS...

- 4) Then using your Bird's Eye and Worm's Eye photos, please choose **FIVE** photos to apply a filter to. Please add these photos to your filter photo and place in the share.

You should have a grand total of **10 photos** in your folder.
